**Project Reference: Interreg IPA CBC Italy–Albania-Montenegro 2014-2020 “Adriatic Identity through Development of Arts- AIDA” / 2nd call for IPA project /code. 493/ Order No. 515 Dt.31.12-2020**

**CONTRACT TITLE: “External expertise Video maker in all activities”**

**Please supply one signed** tender (including signed statements of exclusivity and availability from all key experts proposed, if applicable, a completed financial identification form and a completed legal entity file (only for the leader) and declarations from the Leader and all members (if you are in a consortium), together with three copies. The attachments to this submission form (i.e. declarations, statements, proofs) may be in original or copy. If copies are submitted, the originals must be dispatched to the contracting authority upon request. For economic and ecological reasons, we strongly recommend that you submit your files on paper (no plastic folder or divider). We also suggest you use double-sided printing wherever possible. **All data included in this application must concern only the legal entity or entities making the tender.**

Any additional documentation (brochures, letters etc.) sent with your tender will not be taken into consideration. Applications submitted by a **consortium** (i.e. either a permanent, legally-established grouping or a grouping set up informally for a specific tender procedure) must follow the instructions applicable to the consortium leader and its members.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the economic operator relies on other entities it must prove to the contracting authority that it will have at its disposal the resources necessary for the performance of the contract by producing a commitment on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility - notably that of nationality – and must comply with the selection criteria for which the economic operator relies on them. Furthermore, the data for this third entity for the relevant selection criterion should be included in the tender in a separate document. Proof of the capacity will also have to be provided when requested by the contracting authority. With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the services for which these capacities are required. With regard to economic and financial criteria, the entities upon whose capacity the tenderer relies become jointly and severally liable for the performance of the contract.
